Russ Hall

Mr. Hall has more than 30 years corporate experience as a top executive in the Network Marketing industry. He developed the original international software for what became the largest company in the Industry.

An extraordinary financier, he held the position Director of Latin America Operations during his 19 years with that company. During this tenure, Mr. Hall participated in the expansion of 23 countries in a variety of positions while residing in Europe, Latin America, and the United States. Highlights included working directly with governments on the development of direct selling regulations, banking regulations and trend setting IT automation for the small to medium business entity.

Recognized as an innovator and organizer, he has been an advisor to numerous Network Marketing and traditional business companies worldwide.

Mr. Hall realized in 2003 that the timing was correct for launching an innovative company redefining network marketing. Known in the industry as a distributor's executive, Russ opened Enzacta.com in June 2003 in Mexico City, Mexico. This concept attracted Mr. Paul Stevens, one of the largest distributors in the industry, acquiring a unique result-based product Alfa PSP Forte, developing a seamless worldwide IT support system and an extremely high payout compensation which defined Enzacta.com as a hallmark company in the industry.

Mr. Hall's passion for recognizing and respecting the independent business owner in this industry has been achieved! Enzacta.com grows daily and expands regularly with the mission of enhancing a person's life through health and compensation.

Alpha PXP & Alpha Energy

Alpha PXP forte
Nature's ultimate functional food

Do you care about your health?

Do you need a mental and physical energy boost without the down-sides of toxic stimulants?

Do you want to get the most out of life every day?

Do you want to fight the effects of aging you can see and those you can't?

Do you want to avoid the devastation of degenerative disease?

If you want to get the most out of life and feel younger than you have in years, it's time you checked out nature's ultimate functional food - Alpha PXP forte.

Alpha PXP forte is a powerful blend of polysaccharide peptides derived from a selected mixture of rice grains harvested in the Siam Valley of Thailand and Alpha Spirulina from the Pacific Ocean, that combines antioxidants, amino acids alpha glycan and polysaccharides, to target Syndrome X and build lasting mental and physical energy, vitality and health.

When polysaccharide peptides are bonded together through hydrolyzation, naturally hydrolyzed alpha glycans are formed. Alpha glycans are special molecules that are easily absorbed by your cells who recognize alpha glycans as biological super-fuel. This super-fuel is pumped into cellular mitochondria - the power plants of your cells - for a natural energy boost that lasts all day and promotes restful sleep each night.

Alpha PXP forte is also a potent antioxidant. Antioxidants neutralize free radicals - dangerous particles that rip through your cells and cellular DNA, causing cell damage, mutation and death. It is this damage that is linked to Syndrome X and every type of cancer, heart disease, Alzheimer's, stroke, diabetes and all degenerative disease.

Alpha PXP forte's ability to feed your cells at the same time it protects them from damage means this amazing functional food supports your body's ability to:

Fight the effects of Syndrome X

Boost your immune system to fight illness and disease

Get energy, vitality, mental clarity and focus

Enhance circulation and brain function

Target hormonal imbalances and poor sleep

Fight depression, memory loss and dementia

Decrease high blood pressure, elevated LDL and triglycerides

Balance blood sugar levels and improve digestion

Enhance libido and sexual performance

Boost metabolic function and increase weight loss

Fight disease and aging the natural, healthy way

Best of all, most PXP users report positive results in four weeks, with symptoms of

illness reversed in four to eight weeks. You are just weeks away from feeling better than you have in years.

Zandra Nacionales - 54

Before Alpha PXP forte, I had excruciating acute pain in my stomach, day and night due to multiple myomas. Then a friend suggested I take Alpha PXP FORTE. After three months, I my medical team verified that the myomas in my stomach had significantly decreased in size. Even the head doctor wasn't able to see them on the screen saying that they had either become extremely small or disappeared all together - and, of course, I'm pain-free!

Rhodora Legaspi - 45

I used to feel like I had something in my throat all the time. Every time I ate I would choke, and this caused frightening palpitations. When my goiter got worse, I felt weak and sometimes my blood pressure rose. Since I started taking Alpha PXP FORTE, I have been able to swallow better, I don't choke on food and my palpitations have diminished. My neck is smaller; it used to be 15.8 inches in diameter, now it's only 13.8 inches.

Elisa Pascual - 50

Before Alpha PXP forte, I was exhausted almost all the time. I didn't sleep well and I was constantly having digestive discomfort. Now, with Alpha PXP forte, I just don't get tired, and I sleep so much better at night. Even my digestive discomfort has disappeared. I'm so happy, because medical treatment was so expensive I often didn't have the money to get treated and afford the prescriptions. Alpha PXP forte has truly changed my life.

Amor Fajardo - 29

Alpha PXP forte has helped me a lot - I now have a greater opportunity to live a long, healthy life. When I found out I had breast cancer, I felt hopeless, there was nothing I could do, just wait around to die. Now that I am taking Alpha PXP forte, I feel lucky; I was given the opportunity of a new life. I have noticed many changes since I started taking it. Now I feel stronger and my symptoms have faded. I feel better and my appetite

has increased. My doctor said when she saw me for the first time after I started taking Alpha PXP, she was shocked. She says I have changed and that I look great.

Watch Out for Syndrome X!

Feeling Tired, Worn Out, Memory Shot?

Syndrome X
The Modern Day Plague

For decades, doctors had noted that seemingly unrelated health problems can increase the risk of degenerative diseases like heart disease, diabetes and cancer - but connecting the dots - proving that all of the disorders and symptoms below are really just pieces of one syndrome took decades.

Do any of these sound familiar?

Fatigue
Sleepiness after meals
Intense carb cravings
Mood swings
Weight gain
Afternoon blahs
Achiness
Malnutrition
Free radical damage
Hunger even after eating
Poor concentration
Elevated cholesterol
Elevated triglycerides
High Blood pressure
Poor memory
Difficulty losing weight
Hormonal disturbances
Fluid retention
Nerve damage
Skin tags
Sleep apnea
Premature aging

Syndrome X - the name given this syndrome - leads directly to diabetes, heart disease, stroke and premature death. Syndrome X can remain hidden for years, masquerading as symptoms of other conditions. It is estimated that up to 50% of the American population has already fallen victim to Syndrome X.

Syndrome X generates massive numbers of cell-damaging free radicals - the toxic particles that rip through your body cells causing cellular damage, mutation or death.

But there is good news!

Syndrome X is a nutritional disease. It's caused by eating the wrong foods and cured by eating the right ones. Fresh fruits and vegetables combined with powerful antioxidant supplementation is the key to preventing, or minimizing the impact of Syndrome X.

While recover doesn't come overnight, you will feel better from the first day with these three, simple steps:

Eat a diet rich in whole, fresh foods like vegetables, fruits, whole grains and lean meats
Get 30 minutes of moderate activity a day
Use Alpha PXP forte daily for a super-boost of powerful antioxidant nutrition
And remember: the more consistent you are, the faster you'll feel great!
